This course is designed for those students who are highly creative and enjoy producing art and design work.

The course explores a range of new, traditional and creative ways of using materials, techniques and processes, some of which you may have never experienced before.

Over the course of two years you will work in painting, drawing, life drawing, print, design development, sculpture, digital processes as well as contextual studies.

There is also the opportunity to explore design disciplines.

Our Art & Design course is delivered by highly skilled practitioners, exhibiting at London Design Week, running Crafts Council Funded businesses and selling their own work for private commissions.

This is a course that excels in high standards in every aspect.
