Fashion & Textiles

It's Official!
Clarendon Sixth Form College
is a 'Good' college

This course aims to provide you with the vital skills and techniques required for a career in the Fashion & Textiles industry.

Throughout the course you will cover the specialist skills and aspects of Fashion & Textiles, such as contemporary and historical research, analysis, ideas generation, exploration of materials, design, pattern cutting, garment manufacture, visual presentation and communication.

You will develop a range of design skills through the completion of various design and production projects which will include the construction of different garments such as skirts, trousers, tops and dresses.

Competitions and live briefs are often used to give you a genuine working experience of professional design and production practice.

BA (Hons) in Fashion Styling**

‘During my time at college, I loved designing the clothes I was going to create, and bringing the final look together. I also really enjoyed looking at trends and how they would inspire my own work. The skills I learned at college have definitely benefited me with my chosen career.’
