Graphic Design

It's Official!
Clarendon Sixth Form College
is a 'Good' college

Graphic Design is the creative practice of using images and/or text to communicate a specific message to a particular audience.

This is a creatively challenging course where you will gain an understanding of how visual language plays a key role in graphic design and become familiar with design principles and the work of others.

We will support your personal development as you work towards becoming a creative professional, specialising in graphic design, animation, illustration, web and app design, games art, digital marketing, social media and more...
