Each subject area is a full time study programme where you will develop a range of skills and knowledge preparing you for progression into University, Drama/Dance Schools or employment within the Performing Arts industry.

Throughout the course, you will learn through a variety of methods which will aim to meet the needs of each individual but the majority of the sessions will be practical.

The majority of your assessments will be through your performances; many of which will be to public audiences in our own 200 seat theatre!

Other performance venues may include the Royal Exchange Theatre, INTU Trafford Centre and other site specific venues.
